

ATC POLICY ON ADVERSE WEATHER/UNEXPECTED SCHOOL CLOSURE

In the event of adverse weather that causes the closure of Abbeymead Primary School, the After 3 Club will not be able to open and run as normal.

This is obviously dictated by the weather conditions and the fact the school premises will be closed.

In the event of sudden adverse weather conditions during school or club hours, that are going to force the closure of the school and the ATC, we will notify all parents/carers as soon as we can. Parents will be required to collect their children as soon as they physically and practically can.

To enable the ATC to function financially, to cover staff wages and business costs that are incurred throughout the year Fees will still be payable for the time that the ATC is closed.
